Art in London

This summer study trip in London offers students the opportunity to spend three intensive weeks discovering first-hand the artistic riches of one of the world’s most innovative, international and exclusive centers of art.

Students will explore the city’s major art collections and monuments, as well as some of the city’s more intimate galleries and auction houses, and meet with various experts in the field. Students will have access to the National Art Library at the Victoria and Albert Museum for the purposes of research.

The course serves as an ideal overview of key works in the history of art with a special focus on the period of the Renaissance, modern and contemporary. The changing role of the museum will also be addressed.

Accommodations are in the heart of London at the IES Residence Hall located off King’s Road in Chelsea. There is easy access to shopping, restaurants, markets, pubs and public transport.
