

Mark Schurgin

Department of Psychology
University of California, San Diego
9500 Gilman Drive #0109, La Jolla, CA 92093
847-612-5387, maschurgin@gmail.com

Last updated: Dec 14th 2017

Education & Professional Experience

2017-present	Postdoctoral Research Scientist Advisor: Dr. Timothy Brady	<i>University of California, San Diego</i>
2017	Ph.D. Cognitive Psychology Advisor: Dr. Jonathan Flombaum	<i>Johns Hopkins University</i>
2014	M.A. Cognitive Psychology Advisor: Dr. Jonathan Flombaum	<i>Johns Hopkins University</i>
2010	B.A. Psychology	<i>Vassar College</i>

Research Interests

General: Perception, Memory, Learning, Cognition

Specific: Object recognition; long-term memory; visual working memory; core knowledge; spatial relations and distortions; perception and action; visual strategies and human performance

Awards & Fellowships

2017	G. Stanley Hall Scholar's Award Johns Hopkins University award recognizing a graduate student who has demonstrated exceptional scholarly progress in dissertation research.
2017	Walter L. Clark Teaching Award Johns Hopkins University award recognizing a graduate student who has demonstrated an aptitude for instruction in the classroom, leveraging their knowledge and communication skills to enhance the undergraduate education experience.
2016-2017	Dean's Teaching Fellowship Johns Hopkins University fellowship given to an outstanding graduate student to teach an advanced undergraduate course of their design.
2016	Walter L. Clark Service Award Johns Hopkins University award recognizing a graduate student who has demonstrated an excellent record of community service.

- 2016 Graduate Representative Organization (GRO) Travel Award
Johns Hopkins University GRO award to assist in conference travel expenses.
- 2013-2015 Robert S. Waldrop & Dorothy L. Waldrop Graduate Fellowship
Johns Hopkins University fellowship given to exceptional graduate students to ease the financial burden of graduate work to allow students to focus on their research.
- 2013 Best Talk / Best Paper Award
At the 21st annual meeting on Object Perception, Attention, and Memory (OPAM) the award given to best talk / paper.

Publications

- Schurgin, M. W.**, & Flombaum, J. I. (in press). Visual Working Memory is More Tolerant Than Visual Long-Term Memory. *Journal of Experimental Psychology: Human Perception and Performance*.
- Schurgin, M. W.**, & Flombaum, J. I. (2017). Exploiting Core Knowledge for Visual Object Recognition. *Journal of Experimental Psychology: General*, 146(3), 362-375.
- Petre, B., Tetreault, P., Mathur, V. A., **Schurgin, M. W.**, Chiao, J. Y., Huang, L., & Apkarian, A. V. (2017). A central mechanism enhances pain perception of noxious thermal stimulus changes. *Scientific Reports*, 7:3894.
- Schurgin, M. W.**, & Flombaum, J. I. (2015). Visual long-term memory has weaker fidelity than working memory. *Visual Cognition*, 23(7), 859-862.
- Schurgin, M. W.**, Nelson, J., Iida, S., Ohira, H., Chiao, J. Y., & Franconeri, S. L. (2014). Eye movements during emotional recognition in faces. *Journal of Vision*, 14(13):14, 1-16.
- Schurgin, M. W.**, & Flombaum, J. I. (2014). How undistorted spatial memories can produce distorted responses. *Attention, Perception & Psychophysics*, 76(5), 1371-1380.
- Schurgin, M. W.**, Reagh, Z. M., Yassa, M. A., & Flombaum, J. I. (2013). Spatiotemporal Continuity Alters Long-Term Memory Representation of Objects. *Visual Cognition*, 21(6), 715-718.

Manuscripts Under Review

- Schurgin, M. W.**, & Flombaum, J. I. (under review). Properties of Visual Episodic Memory Following Repeated Encounters with Objects.
- Schurgin, M. W.** (under review). Visual Memory, The Long And The Short Of It

Manuscripts In Preparation

- Schurgin, M. W.**, Cunningham, C.A., Egeth, H.E., & Brady, T. F. (in prep). Episodic Memory Penetrates Active Storage in Visual Working Memory.
- Schurgin, M. W.**, Cunningham, C.A., & Flombaum, J. I. (in prep). Visual Search Abilities Dynamically Manage Performance Under Noisy Conditions.
- Mathur, V. A., **Schurgin, M. W.**, Saeed, S. W., Reber, P. J., Apkarian, A. V., Paice, J. A., Richeson, J., & Chiao, J. Y. (in prep). Race modulates neural sensitivity to own and other's pain.

Presentations

- Schurgin, M. W.**, Cunningham, C. A., Egeth, H. E., & Brady, T. F. (2017). The Effect of Episodic Memory on Active Storage in Visual Working Memory. Talk presented at the 25th annual meeting on *Object Perception, Attention and Memory (OPAM)*, Vancouver, BC.
- Flombaum, J. I., & **Schurgin, M. W.** (2016). Exploiting Core Knowledge for Visual Object Recognition. Talk presented at the 57th annual meeting of the *Psychonomic Society*, Boston, MA.
- Schurgin, M. W.**, & Flombaum, J. I. (2016). First Impressions in Visual Long-Term Memory. Poster presented at the 24th annual meeting on *Object Perception, Attention, and Memory (OPAM)*, Boston, MA.
- Schurgin, M. W.**, & Flombaum, J. I. (2016). Visual Working Memory Has Greater Tolerance Than Visual Long-Term Memory. Poster presented at the 16th annual meeting of the *Vision Sciences Society*, St. Pete Beach, FL.
- Schurgin, M. W.**, & Flombaum, J. I. (2015). Visual Long-Term Memory Has Weaker Fidelity Than Working Memory. Talk presented at the 23rd annual meeting on *Object Perception, Attention, and Memory (OPAM)*, Chicago, IL.
- Schurgin, M. W.**, & Flombaum, J. I. (2015). Invariant Object Recognition Enhanced by Object Persistence. Poster presented at the 15th annual meeting of the *Vision Sciences Society*, St. Pete Beach, FL.
- Schurgin, M. W.**, Reagh, Z. M., Yassa, M. A., & Flombaum, J. I. (2014). Building Tolerant Long-Term Memories Through (Object) Persistence. Poster presented at the 14th annual meeting of the *Vision Sciences Society*, St. Pete Beach, FL.
- Schurgin, M. W.**, Reagh, Z. M., Yassa, M. A., & Flombaum, J. I. (2013). Spatiotemporal Continuity Alters Long-Term Memory Representation of Objects. Talk presented at the 21st annual meeting on *Object Perception, Attention, and Memory (OPAM)*, Toronto, Canada.
- Schurgin, M. W.**, & Flombaum, J. I. (2013). Interactions between perception, fixation, and attention determine the endpoint of an action. Poster presented at the 13th annual meeting of the *Vision Sciences Society*, Naples, FL.
- Schurgin, M. W.**, Levinthal, B. R., List, A., Sherman, A., Suzuki, S., Grabowecky, M., & Franconeri, S. L. (May 2011). Infinite X: Illusions of perpetual increases in magnitude. Demonstration presented at the 11th Annual Meeting of the *Vision Sciences Society*, Naples, FL.

Teaching Experience

Instructor

Fall 2016

The Illusion of Perception

Johns Hopkins University

Instructor and Course Creator (Avg Course Rating = 5 / 5): This course was open to all undergraduate and graduate students. In the course, students gained a comprehensive understanding of the ways we perceive (or fail to perceive) things in the real world by studying examples in perception, memory and awareness. Students read both empirical and theoretical writing on these topics and

participated in class discussions exploring their potential ramifications: if the world isn't what we perceive, what are the implications for our society, or for ourselves?

Fall 2014 **Research Methods in Experimental Psychology** *Johns Hopkins University*
Instructor (Avg Instructor Rating = 4.6 / 5): This course was open to upperclassmen Psychology and Cognitive Science undergraduate students. The course gave an overview of research methods used in psychology, experimental designs, interpreting results in psychology, and research ethics. Each student completed an individual research project on a topic of his/her choosing as part of the course training. The class was taught interactively through lectures and labs.

Teaching Assistant

Fall 2015	Advanced Statistical Methods (Graduate Course)	<i>Johns Hopkins University</i>
Spring 2014	Intro to Cognitive Psychology (Undergrad Course)	<i>Johns Hopkins University</i>
Fall 2013	Mind, Brain & Experience (Undergrad Course)	<i>Johns Hopkins University</i>
Spring 2013	Human Sexual Orientation (Undergrad Course)	<i>Johns Hopkins University</i>

Certifications

2017	Johns Hopkins University Teaching Institute Attended teaching institute program to develop and enhance university-level classroom teaching skills. The curriculum included examining the benefits of active learning, ongoing assessment, responsiveness to diversity, and examining a variety of teaching practices and principles (backward design, formative / summative assessments, etc).
2016	NIH ERP Boot Camp Received methodological training scholarship to attend an NIH-funded 10-day workshop at UC-Davis on how to best design, implement, and analyze ERP experiments using the latest methods and technology.

Community Engagement

2017	Mentor, Summer Training Academy for Research Success (STARS) Program Mentored two STARS (non-UCSD) students in the Vision and Memory lab over the course of the summer. The STARS program is a summer research academy at UCSD providing students with experience with behavioral methods, computational tools and other necessities for pursuing Ph.D.-level research. Through community-college-based outreach, the program includes underrepresented groups both locally and nationally.
2016-2017	Creator & Director, Psychological & Brain Sciences High School Engagement Program I founded and was director of the Psychological & Brain Sciences High School Engagement Program at Johns Hopkins University. In the program Baltimore City public high school students come on-campus to visit the department of Psychological & Brain

Sciences. The visit takes course over an entire day, including lectures from faculty, classroom observations, graduate student talks/panels, and lab tours.

- 2013-2017 Director & Speaker, Brain Awareness Week at Baltimore Polytechnic Institute High School
I was director for the Brain Awareness Week event at Baltimore Polytechnic Institute, a public high school with a focus on Science, Technology, Engineering and Math (STEM) serving a large minority population. The purpose of this week is to give students lectures on general themes in neuroscience and possible career paths in science.
- 2015-2016 Mentor, Women in Science & Engineering (WISE) Student Outreach Program with Garrison Forest School
Mentored two Baltimore high school students studying in the Visual Thinking Lab over the course of the school year. Guided the students in experiment development, conducting literature reviews, and academic writing.
- 2015 Invited Speaker, Patterson High School Baltimore City
Lectured to high school students about psychology and neuroscience in a Baltimore City public high school. Mentored students and discussed what is required to pursue a degree in a STEM field.
- 2012 Organizer, Chicago Brain Week Talk Series
Assisted in the organization of a series of community talks given by prominent Psychologists and Neuroscientists in the Chicago area.
- 2011-2012 Mentor, Student Inquiry and Research Program
Mentored two high school students from the Illinois Mathematics and Science Academy (IMSA) in the Social Affective and Cultural Neuroscience lab over the course of a year. Guided each student on independent projects including experiment design, data collection, analysis, and developing a poster presentation for an academic conference.

Academic Service

- 2014-2017 Organizer, Psychological & Brain Sciences Event Coordination
- 2012-2016 Representative, Psychological & Brain Sciences Graduate Steering Committee
- 2013-2015 Organizer & Leader, Psychological & Brain Sciences Graduate Recruitment
- 2015 Reviewer, Association for Psychological Science Student Research Award
- 2012 Organizer, Cultural Psychology Preconference at the Society for Personality & Social Psychology (SPSP)
- 2010 Organizer, Social & Affective Neuroscience Society (SANS) Conference

Ad-hoc review for Journals:

Attention, Perception, & Psychophysics; Cognition; Consciousness and Cognition; Experimental Brain Research; Frontiers in Psychology; Journal of General Psychology; Memory & Cognition; Neuroscience and Biobehavioral Reviews; Quarterly Journal of Experimental Psychology; Visual Cognition; Vision Research

Annalise Miner (University of California, San Diego)	2017-present
Kelvin Lam (University of California, San Diego)	2017-present
Faith Shank (Loyola University)	2016-2017
Annapurna Vadaparty (Johns Hopkins University)	2015-2017
Cera Hassinan (Johns Hopkins University)	2015-2017
Alana DiSabatino (Johns Hopkins University)	2015-2017
Sinan Akosman (Johns Hopkins University)	2015-2017
Saman Baban (Johns Hopkins University)	2015-2016
Victor Kang (Johns Hopkins University)	2015
Patricia Kingkeo (Johns Hopkins University)	2013-2015
Erica Lee (Johns Hopkins University)	2013-2014
Hannah Cowley (Johns Hopkins University)	2014
Gustavo Beruman (Universidad de Guadalajara)	2013
Kaan Zaimoglu (Johns Hopkins University)	2012-2013

High School Researchers

Channing Capacchione (GFS / Hopkins)	2015-2016
Ruth Tekeste (GFS / Hopkins)	2015-2016
Jennifer Ren (IMSA / Northwestern)	2011-2012
Victoria Etherton (IMSA / Northwestern)	2011-2012
Eva Meyer (IMSA / Northwestern)	2011-2012
Ruby Morales (ETHS / Northwestern)	2011

Professional Memberships

2017-present	Association for Psychological Science (APS)
2015-present	Psychonomic Society
2014-present	Spatial Network
2011-present	Vision Sciences Society (VSS)
2010-2012	Spatial Intelligence Learning Center (SILC)
2011-2012	Cognitive Neuroscience Society (CNS)

Other Research Experience

2010-2012	Lab Manager, Northwestern University Advisor: Dr. Steven Franconeri (Visual Attention & Cognition Lab) Advisor: Dr. Joan Chiao (Social Affective & Cultural Neuroscience Lab)
-----------	---

Coordinated and managed the research activities of over 20 undergraduate research assistants. Operated SIEMENS 3T MRI scanner, including implementation of physiological equipment. Designed and implemented ERP and eye-tracking experiments using Bio-Semi EEG equipment and SR-Research Eyelink II eye-tracking equipment. Deigned and implemented experiments using Psychtoolbox, Experiment Builder, & DirectRT. Analyzed neuroimaging data using SPM.

2009-2010
(Summers)

Research Assistant, Northwestern University

Advisor: Dr. Steven Franconeri (Visual Attention & Cognition Lab)

Lead researcher for project analyzing cross-cultural eye-tracking data. Performed statistical analysis of eye-tracking data using Excel and SPSS. Used MATLAB to create research images and videos.
